Explanatory notes on the installation of system partitions

Partitions

Partitions are available in the following sizes: 0.50 m and 1.00 m. Supports are essential for walls over 4 m in length. The wall structure comprises a white powder-coated aluminium frame, 2.50 m high. The elements are available in widths of 1.0 m or 0.5 m. The walls are 32 mm thick and the inserted plastic panelling 4 mm thick. The materials used are flame retardant to DIN 4102/B1.

Fascia panels

Fascia panels are available in the sizes 1.00 to 5.00 m in 0.5 m increments. A support pillar and support panel running to the rear wall are required for any fascia panels above 5 m in length. Fascia panels are fixed to the stand walls at a height of 2.50 m (top edge) and are 30 cm in height. Door clearance is 2.20 m.

Doors

Door elements are fitted with universal locks.

Place / date	Company stamp and legally binding signature of exhibitor

Terms of Business for system partition installation

Our General Terms of Business are set out in form 2.11

This form can be used to order partition walls, doors and fascia panels against payment on a rental basis. The partitions consist of an aluminium frame set in with white plastic panelling.

Please order partitions in good time before the official set-up. Thus you will make sure that they are erected on time. Please note that orders reaching us after the beginning of the official set-up are subject to the following surcharges:
1) Orders received within 24 hours prior to start of assembly period:plus EUR 31.50 per order
2) Orders received within 4 hours prior to start of assembly period:plus EUR 78.75 per order
On the last day of the assembly period, all late orders are subject to a surcharge of EUR 78.75.

MEPLAN GmbH is entitled to appoint a MEPLAN GmbH subcontractor to carry out the installation work. The system walls are to be utilised as visual boundaries and may neither be used by the exhibitor for displaying promotional items nor for supporting other stand structures.

No items may be nailed or glued to the system walls, nor may paint be applied to them. In the event of damage being caused to them, the exhibitor will be invoiced with the cost of restoring the walls to their original state.

Complaints relating to any defects or damage attributable to the installation or decoration of the system walls must be notified in writing to MEPLAN GmbH immediately after the exhibitor occupies the stand, but on the last day of setting up at the latest, so that the defect can be rectified. Complaints made any later will not be considered and cannot result in claims against MEPLAN GmbH.

To prevent accidents, the partitions ordered from MEPLAN GmbH may not be altered or removed by the exhibitor or his agents without the express written permission of MEPLAN GmbH. The General Terms of Contract for Exhibitor Services of Messe München GmbH (MMG).

Order information

Please order partitions in good time before the official set-up. Thus you will make sure that they are erected on time. Please note that orders reaching us after the beginning of the official set-up are subject to the following surcharges:
1) Delivery within 24 hours of receiving the orderat start of assembly period: plus 31.50 EUR per order
2) Delivery within 4 hours of receiving the order at start of assembly period: plus 78.75 EUR per order
On the last day of the assembly period, all late orders are subject to a surcharge of EUR 78.75.

Please note: this order can only be processed if a plan or sketch is submitted too (see order form 2.17). Our General Terms of Business are set out in form 2.11. Any contract concluded is between the customer and Messe München GmbH, Messegelände, 81823 München. Meplan GmbH, acting as representative of MMG, is the contact for the customer in all matters relevant to the contractual relationship concerned. **Your order is only valid if you have received a confirmation of order from Meplan.**

Closing date: as a rule 6 weeks prior the start of the official set-up.
