

PV UNION

United for solar energy.

Become a Distribution Partner of PV Union in Your Country!

• Exclusive Territory Rights • Strong Margins • Long-Term Partnership

PV Union is expanding across Europe – become part of our success!

Your role: Represent and distribute our premium solar mounting systems to wholesalers, installers and solar professionals in your region.

Why partner with PV Union?

- Durable and high-quality mounting systems
- Fast and easy installation
- Sustainable materials
- Versatile applications for diverse PV projects

We offer our partners:

- Attractive pricing and margin structures
- Fast-growing market with huge potential
- Full marketing and technical support

Flexible cooperation models

Ideal partner profile:

- Established distributor in the solar, PV, or construction sector
- Solid network of installers and EPCs
- Commitment to quality and service
- Passion for renewable energy and sustainability
