Solargik Unveils SOMA Pro at Intersolar 2025

Solargik launches SOMA Pro, its next-gen AI-powered platform for solar tracking, diagnostics, and control. Fully integrated with Solargik's trackers, SOMA Pro offers real-time visibility, remote control, and up to 6% energy recovery through precise loss attribution. Designed for complex sites, it optimizes tracker behavior based on real-time conditions, unifying monitoring, performance, and diagnostics in one SCADA-native solution. SOMA Pro redefines solar plant intelligence and adaptability.
